

ADF Design Award 2019

RECONSTRUCTION THE ASIAN DEPOPULATION COMMUNITY THROUGH ARCHITECTURE

AWARD BRIEF :

In recent years, the rapidly aging population, stemming from the declining birthrate as well as accelerating migration of young people to urban areas, has resulted in serious depopulation of some regional communities in Asian countries.

Considering the way the residents are living in the areas and existing communities should be, how do you think you can help rebuild the area as a sustainable community through architecture?

In general, the following cases are cited as the main problems of depopulating areas:

- As young people moved to the city, the entire region becomes aged and there is no successor for regional industry or elderly care.
- Advanced aging and population decline of an area make it difficult for the local infrastructure to be maintained, making it hard for the area to survive. These processes even cause the decline of regional culture.

The challenge of this theme will be how you can comprehend and recognize the problems of the chosen area. Consider approaches such as, but not limited to those listed below:

- A mechanism to prevent the out-migration of young people
- A mechanism to promote in-migration
- Effective utilization of vacant premises
- A mechanism to revitalize regional industries
- A mechanism to attract more investment from outside sources.

SUBMISSION REQUIREMENTS :

Each submission must include the following contents in English:

SITE LOCATION : The participant can select any specific site as the site of their design, but it must be in an Asian country.

DESIGN RESPONSE : After identifying the site, provide the project description, concept of the design, basic drawings (including floor plans and elevations), and renderings, or perspective drawings in any scale.

DELIVERABLES :

- Five A3 sheets (Landscape format 420 x 297 mm)
- File format : High resolution PDF @300 dpi
- File size should be maximum of 20MB in total
- Recommended font size is no smaller than 11pt
- File name : Firstname_Lastname.pdf

*Files that do not meet the specified requirements will not be taken into consideration.

ELIGIBILITY TO PARTICIPATE :

- Open to professionals, students, and design enthusiasts.
- Submit as an individual or as a team
- No restriction on age, gender or nationality.
- No limits on the number of submissions.
- Work cannot have been published elsewhere before.
- Submission cannot be built work or completed projects.
- The participant should have legal rights and copyrights to all material submitted. If the project contains any material or elements that are not owned by the participant, the submission shall be excluded from any consideration. If it is later known that rights have been violated, the prize and award will be recalled.
- The copyright of the project belongs to the participants.
- All materials submitted maybe displayed and/or published at the discretion of the Aoyama Design Forum and the Association of Siamese Architects under Royal Patronage.

PRIZE: USD 5,000 & TRIP TO JAPAN

* After the trip, awardee must submit a report on the benefits of their attendance at the design workshop within thirty (30) days after the end date.

SUBMISSION:

Please send your submission to adfdesignawards2019@gmail.com.
Submission is free.

SCHEDULE :

3RD SEPTEMBER 2018
Open for submission

13TH NOVEMBER 2018
Deadline for submission

11TH JANUARY 2019
Announcement of the award winner

5TH - 9TH MARCH 2019
Travel period to Tokyo, Japan

*The Jury reserves the right to revise dates as deemed appropriate during the award process.
