Join this must-attend session on the new B210TM-2017 Facility Support document. You'll be briefed on the significant changes to the document. And you'll learn more about emerging consulting services like facilities planning, workplace strategy, and Computer-aided Facilities Management & Integrated Workplace Management System software support. You'll also hear from firms that have augmented their traditional practices by providing nontraditional architectural engagements, including ongoing consulting, to bookend projects. Will your firm be next?
